

Fedora Modularization

Update

Refresher

- Stage 3 of Fedora Rings
- Deconstructing Fedora in to Modules (and what that means)

Progress

- Mostly fits and starts
 - Environments and Stacks WG
 - Aleph proposal by Nick Coghlan [1]
 - COPR [2]
 - Playground [3][4]
 - Base WG
 - Modularization Prototypes [5][6]

Next Steps

- Update wiki pages
- Proposals for E&S and Base
